DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with MS. Holly Moore on 3/18/2004.

The application has been amended as follows:

Claim 31, line 10, after "the resin" delete "covers" and inserts —fits within—

Claim 35, line 12, after "the resin" delete "covers" and inserts —fits within—

Allowable Subject Matter

3. Claims 15-16, 18-21, 29, 31-32 and 34-35 are allowed.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

Regarding claims 15, 32 and 34, Newman (5,455,456) appears to be the closest prior art reference. Newman teaches substantially the entire claimed structure, as applied to

Art Unit: 2811

claim 15 above, except a substrate being aligned with the resin, and wherein the substrate is indented at a corner portion further inward than a portion of the resin.

Regarding claims 31 and 35, Martyniak (4,263,341), Ueda et al. (6,037,698) and Nakazawa et al. (6,448,665) appear to be the closest prior art reference. Martyniak, Ueda et al. and Nakazawa et al. teach substantially the entire claimed structure, as applied to claim 31 above, except a substrate having a thinner portion, of a depression shape, at a corner portion, and wherein the resin fits within the depression.

Therefore, prior art do not teach or render obviousness the semiconductor structure, as claimed. The allowability at least in part resides in the above described structure having elements, which are not disclosed in the prior art searched.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Papers related to this application may be submitted to Technology center (TC) 2800 by facsimile transmission. Papers should be faxed to TC 2800 via the TC 2800 Fax center located in Crystal Plaza 4, room 4-C23. The faxing of such papers must conform with the notice published in the Official Gazette, 1096 OG 30 (November 15, 1989). The Group 2811 Fax Center number is (703) 308-7722

Art Unit: 2811

and 308-7724. The Group 2811 Fax Center is to be used only for papers related to Group 2811 applications.
